Honorable Commissioner:

Am writing briefly to respectfully INSIST affirmative action on Docket 99P-0033/CP 1, inreference to the Humane Farming Association petition to end ASAP the atrocious practice of feeding dead pigs, horses and other animal carcasses to livestock. By nature cattle are not carnivores and it seems to me wicked that they often are forced to feed on other dead animals. Your agency has the ability and power to end this malaicous pratice so why not use it vigorously? End the feeding of dead animnals to live ones and quickly. Thank you very much.

Sincerely,

Robert DeWolfe
